

Fire and Public Safety Training Center

From When Things Go Bad, Inc: Tricks of the Truck

To increase scene safety and productivity, truck company operations is a must. Whether it be the designated truck company or members from another apparatus completing these essential tasks, they need to be trained in the most efficient manner possible. In this 3-day course you will learn the tricks of the trade in regards to conventional forcible entry, unconventional forcible entry, through the lock, ground ladders, multiple search tactics, civilian rescue, flat & peaked roof ventilation, overhaul, saw techniques, enlarging openings and more. The responsibilities and tool assignments of all six positions of the truck will be practiced and understood. Course will be instructed by subject matter experts with [When Things Go Bad, Inc.](#)
